

Aboriginal Land Council

Strategic Plan Supplement 2023-2026

Consultation Draft

Realising the full social, cultural, and economic outcomes of our land and water is critical to a successful Land Rights system. With 250,000ha of land successfully claimed, it is essential we build on our success and unlock and activate the benefits of our land.

Our Strategies

NSWALC will pursue the acquisition of land for specific activation and for land banking by the Network through Aboriginal Land Claims, Aboriginal Land Agreements, through partnerships and by other means.

NSWALC will advocate for and support LALCs with current joint management arrangements and partner and advocate for ownership, control, and management of National Parks by Aboriginal Owner groups. NSWALC will advocate and support LALCs to maximise the ownership, control, and management of natural resources.

NSWALC will maximise compensation for the relinquishment of any rights based on informed consent.

NSWALC will maximise social, cultural, and economic outcomes generated from return of land.

Aboriginal Culture and Heritage is vital for us to thrive as distinct and self-determining people. Our cultural heritage and traditional knowledge and practices must be respected, protected, and revitalised for future generations.
